Individuals or teams (upto 3 contestants per team)

**NO
ENTRY
FEE!!**

PRIZES ON OFFER

Prizes Worth INR. 32500

Pre Placement Opportunities

Paid Internships

Monetise Your Designs

What You Need To Do

01

Go to convrse.ai/canvas & register yourself or your team

02

Create a 3D Environment on Max, Maya or Blender

03

Texture and bake lights using the software of your choice

04

Upload it on Google Drive and send the link to us on canvas@convrse.ai clearly mentioning your name, college name, your course, & your current year.

Judges will pay attention to the creativity and the visual component of your works, but this is not all that you need to win.

The idea and theme of the work is also very important for the jury, as well as its presentation, and quality of performance.

Categories for entries

Fantasy Open Environment

Cyberpunk Game Battle Arenas

Otherworldly Office Meet-up Rooms

Futuristic Exhibitions And Museum Spaces

Postmodern Online Event spaces or Product Launch Arenas

Space / sci-fi environment

City street scene

Rural / farm environment

Futuristic / dystopian city

Tropical island

The contest is supported by [Convorse.ai](https://convrse.ai) - the world's first 3D environment marketplace - and your entries will be listed on it which will give you the opportunity to sell your design to the best studios and game developers across the world!

Along with that, we have cash prizes for the top three places, internship opportunities and potential job offers! Everyone has an opportunity to receive additional prizes.

For all qualifying entries, you will have the option to create your own accounts on the Convorse.ai marketplace to upload more of your environments and work and sell them in the future along with a certificate of participation!
There is no entry fee!
